

Checklist

A little guide to your visit on the BfP jamboree

What should you sort out beforehand?

| Topic | Content | Sorted? |
|-------------------------------|---|---------|
| Get to know and meet everyone | First online meeting with the leaders of both groups. | |
| | First group gathering and introductions with the kids + youths! | |
| | Depending on group size - do an online group session with both groups sharing how you scout in each country. You can also match smaller groups and let them get to know each other better. | |
| | If you want and/or need taking time for more online group sessions might be a good option! | |
| Preparations | Tell your participants about the new Covid-19 rules and make them aware of anything they may need to know! | |
| | If your group size changes because of the Covid-19 regulations, please let the International BuLa Team know! | |
| | Travel to and from Germany: Your group travels independently. Either directly to the campsite or to a designated meet-up location or to your partner groups home to travel to the national Jamboree together. | |
| | The international evening: talk about what you want to perform or do at the international evening (more information in newsletter 4) | |
| | Do you need any materials for that your partner group can organize for you? | |
| Sleeping | Please be aware of the temperatures at night. It can get quite cold, so you will need sleeping bags and possibly isolation mats or hides. Also take some warm cloths and something to protect you from rain. | |
| | Talk with your partner group about who will provide the tents. If you need separate tents for girls and boys, tell your partner group. Not every German group sleeps in separate tent. | |
| | If your partner group will set up a German Kothe (traditional German scout tent) for you, please talk with your group about anything you need to know about: - What is a Kothe? (Made from fabric, no flooring, open | |

| | | |
|-------------------------------|--|--|
| | <p>at the top, log in the middle)</p> <ul style="list-style-type: none"> - How does it work and how will it be set-up (open/closed, how many people will fit) - How to sleep in a Kothe? (Don't touch the Kothe walls when it rains, don't step on the fabric) | |
| Food | Will everyone bring their own dishes and cutlery? | |
| | Will you need materials and utensils to cook that could be provided by your partner group? | |
| | Let your (partner) group know how many times a day you eat (warm) meals. | |
| | We eat usually sitting on the ground. Is that okay with you? If not, talk to your partner group. | |
| | Ask your partner group about how the marketplace works. | |
| | Who likes to cook from your group? Maybe you can make a mixed cooking team from both groups? | |
| Campsite | Ask about previous BuLas (national Jamborees) and maybe look at some pictures together. | |
| | Kids and youths will be roaming around the campsite independently at times. Is that okay with you (and your guardians)? | |
| Expectations | Everyone will be happy when expectations can be met. Talk about your expectations and maybe talk about things from your matching profiles. | |
| Home Hospitality (if planned) | Give your partner group a list of the participants including any necessary information (allergies, needed medication, languages spoken, special needs, ...) | |
| | Sort your participants to participants of the partner group for example via similar age, gender, interests, etc. | |
| | Establish contact between home hospitality partners. | |
| Pre-/Aftertour (if planned) | Create a group from both partner groups to organize the tour. | |
| | Decide on key issues for the tour together: <ul style="list-style-type: none"> - How much will we carry? - How long will we hike? - How will we cook and eat? - Will there be possibilities to wash clothes, dishes or yourselves? - What will we need to pack? | |
| | You are going on tour alone because your group will not join you? Ask for tips of locations, places or suggested hikes you can include in your tour! | |
